Town of Palm Beach, Florida Parking Permit Instructions

Residential Permits must be permanently affixed to the left rear (driver's side) bumper. Visitor permit placards must be placed on the rear view mirror with the street designation and expiration date clearly visible from the outside. Failure to properly display the permit can result in a parking citation. A person may only receive permits for the residential permit area within which they reside and are not eligible for permits in multiple residential permit areas.

Vehicles may park only on the street and block for which the resident or visitor permit is issued, within the area of parking spaces designated as "Parking by Permit Only." Residential parking permits are only applicable for those residential permit parking spaces indicated. If a vehicle is parked in a space other than those indicated as "Parking by Permit Only", all applicable parking rules apply.

Vehicles must not park on the street for more than (48) hours without being moved, or the vehicle may be towed from the street at the owner's expense. If it is absolutely necessary to leave a vehicle in a spot longer than the 48 hour time limit, the owner must call the Palm Beach Police Department at (561) 838-5454 and inform them of the reason for the vehicle's extended stay.
