

Mid-Town Beach Renourishment Project

Offshore sand being discharged onto the beach near Sunset Avenue from the RN Weeks vessel (in the background) via a submerged pipeline.

Bulldozers shape the sand as the sand is pumped onto the beach between Sunset Avenue and Root Trail.

Reaches 7 and 8 Beach and Dune Truck Haul Project

Sand from Mid-Town Beach is being loaded into trucks and hauled to Phipps Ocean Park.

The dunes between Sloan's Curve and Phipps Ocean Park are being restored.
