Drone regulations per Ordinance No. 08-2016:

- Must weigh no more than 55 lbs.
- Must remain within the visual sight of the operator at all times
- May not be operated over any person, gathering of persons or residences that would cause a hazardous or unsafe condition
- May not be operated at an altitude that would create a hazardous condition and/or interfere with any plane, helicopter or other aircraft already in flight
- May not have an airspeed in excess of 100 mph
- Must have a minimum weather visibility of 3 miles during operation
- May not be operated in a careless or reckless manner
- Operator must demonstrate that the person operating the drone has no physical or mental condition that would interfere with the safe operation of the drone
- Applicant shall provide a minimum of \$1,000,000.00 per incident of liability insurance for the use of drones or model aircraft
- Operator and model aircraft equipment must meet all current FAA requirements for commercial UAV operations (copy of operator license must be provided)
- Must be properly registered with the FAA according to FAA guidelines (a copy of registration must be provided)
- Drones used for motion picture making shall comply with provisions of Chapter 22 of the Town of Palm Beach Code of Ordinances

As the applicant and operator of the drone, I have read the above regulations for drone usage within the Town of Palm Beach and by virtue of my below signature agree to adhere to all regulations relating to drone usage and all applicable Town of Pam Beach Code of Ordinances.
